

Payment Policy for Group Classes at Dancespace383:

Dancespace383 offers both Casual and Course Rates for group classes at our studio:

Casual Rates are applicable for single class purchases made on the night of the class with complete flexibility on when you attend class.

Course Rates are only available to purchase on the first night of an advertised course of classes, or at the start of a new school term. In all other cases, the casual rate applies for group class purchases. Classes purchased as a course are only valid to be used during the given advertised block during which you purchased them.

Dancespace383 may offer the opportunity to makeup missed classes purchased as part of a course through attending other single classes or a Saturday Night Social Dance.
